nours should be given to building control before starting work. rk not to commence until planning permission (where applicable) and full building regulations approval is confirmed. If the work is to be carried out on a building notice, then

client must inform the agent at least two weeks before starting the building work to check that a building control application has been submmitted. It is the Ider's responsibility to arrange for the inspection visits at key stages of the work so that a completion certificate can be issued to the client. All work to comply with t 7 of the building regulations, materials and workmanship.
