Important Notes to Builder and Client Please Read.
Work must not to commence until planning permission (where applicable) and full building regulations approval is confirmed. Any works carried out before the reciepl of the relavant permissions is entirley at the clients own risk.

The client must inform the A1 Architecture at least two weeks before starting the building work to check that a building control application has been Approved. It is the builder's responsibility to arrange for the inspection visits at key stages of the work so that a completion certificate can be issued to the client. All work must comply with part 7 of the building regulations, materials and workmanship.
